

# EFC COVID ADDENDUM

Thank you for registering for a week of camp at Eagle Fern. We are so thrilled to have you out at EFC this summer.

With the announcement that state COVID-19 restrictions are being lifted, we are so excited that the risk of COVID-19 has been reduced enough that we can return to having camp as close to normal as possible. While restrictions have loosened, we understand this does not mean that the risk of COVID-19 is completely gone, so we will continue to take the following precautions based off the recommendations from the OHA and CDC:

- Screening questions at check-in
- Daily health monitoring
- Increased cleaning & disinfecting daily by staff
- Increased emphasis on hand washing and additional stations around camp
- When indoors, campers will sit together with cabins/teams as much as possible to reduce the potential of exposure.

\*Please note that campers will no longer have to pack or wear masks.

In addition, please monitor your health over the 14 days leading up to your week of camp. Do not attend if you have been (1) in close contact with anyone that you know who had COVID-19 (or COVID-like symptoms) in the days leading up to the beginning of camp, (2) have had a positive COVID-19 test or are awaiting test results, or (3) have had any of the following symptoms that are unrelated to another issue:

- Fever or chills
- Shortness of breath or difficulty breathing
- Recent loss of taste or smell
- Cough
- Difficulty breathing
- Sore Throat

As temperature checks on hot/cold days can be unreliable, we ask that you please check your camper's temperature the day of, before arriving at camp.

Even though COVID-19 cases have significantly decreased and we are taking additional precautions, we cannot guarantee that cases will not occur. If you have loved ones at home who are at high risk or if you are, you may want to consider not attending camp this year. If you are ultimately not able to attend your week of camp, we will provide a full refund of your registration.

Please note that the guidance on this topic is changing rapidly and we may adjust this policy depending on new directives from the health authorities. We will do our best to keep you updated on any additional changes.

If you have any questions, please don't hesitate to contact our Program Director, Leon at 503-630-4978 or [leon@eagleferncamp.com](mailto:leon@eagleferncamp.com). Thank you!
